WORKING EXPERIENCE

2017-18

- Started working as a **"Full Stack Developer"** at **Open Juice Technologies** from June, 2017. Currently, working on a project creative workflow management portal for one of the company's retail clients.

2017

- Worked on a research paper for minor project named as "**Secure message transfer using RSA algorithm and Improved Playfair algorithm in cloud computing**". This work selected at **I2CT conference** and published in **IEEE Xplore**. It is a research, basically, related to Network Security.
- Worked on a research paper for major project named as "**Secure data transfer using mixed algorithms in cryptography**" which is a continuation to minor one. This paper got selected at **ICACNI-2017** and soon will be published in **Springer**.
- Completed a social marketing intern in "**TutorBro**" from October-November, 2016. Tutorbro is an application where personal tutors are available for study purpose. And intern is about advertising the site content in different social networks, creating forms for tutors and collecting the form data from users who are interested to become a tutor.
- Worked as UI designer & Initiator at "**Shortub**" from March-2016 to February-2017. It is an online platform for short film makers. This project contains various features that helps film makers to discuss, build short films. Also, it works as an interface between a short film and big film industry in India. Shortub conducted a story writing contest for writers all over India and got good response in few cities as well. This is done in February-2017.

2016

- Worked as front-end designer in **"Castica Labs"** in July-August, 2016. I developed a website for this startup using some core technologies.
- Worked as a web designer in "**Brihaspathi Technologies**". It is one of the leading software development company in Hyderabad, India. I done an intern about one and half month and supported to the company in completing three live projects in the span of May-June, 2016.
- Designed a basic e-commerce website in a six-week online training period of "**VTC-Internshala Scholarship**" in 2016. Internshala is one of the best internship providing website in India.
- Worked as web designer Intern for a period of three months in an IoT (Internet of Things) company "**METAIOT TECHNOLOGIES**" during January-2016 to March-2016. I developed the company's main website.
- Worked as front end developer in a startup company "**MEDICLOC**" from Decembe-2015 to January-2016.
- Core member in the website designing team of Equilibrio-2016. Equilibrio is a national level fest that occurs every year in Guru Ghasidas Vishwavidyalaya, India. I took part in the website development of that fest.

2015

- Worked as a member of University Alumni team in 2015. University Alumni is an application where pass-out students contacts guides and helps current students across the University.

ACADEMIC ACHIEVEMENTS

- Attended at **"5th International Conference on Advanced Computing, Networking and Informatics"** which is held at **Goa** in June-2017. This work is named as **Secure data transfer using mixed algorithms in cryptography**".
- Presented a minor project named as "**Secure message transfer using RSA algorithm and Improved Playfair algorithm in cloud computing**" at "**2nd International Conference in Convergence and Technology**" held at **Pune** in April-2017.
- Achieved "**VTC-Internshala Scholarship**" from "**Internshala**" in April-2016.
- Achieved prizes in Snako Bot, Extricate Cyborg(Robotic Events) & C-Graphica events in Equilibrio-2015. Equilibrio is a National Level technical fest which is organized every year in our University.
- Got certified as **Junior Type Writer** from the Government of Andhra Pradesh.
- One among the top 5% of the country in JEE Mains examination conducted in 2013. JEE Mains is a national exam to get admission in top most undergraduate universities in India.
- Merit certificates at IAAMS (International Achiever's Academy For Management Studies) and Andhra Pradesh State Council of Science and Technology, in 2010.

EXTRA CIRCULAR ACTIVITIES

- A blog about the experience of webapp development is published on **"Internshala Blog Center"**.
- Worked as a social service member in **NSS (National Service scheme)** in 2015-16.
